

## Application Description

- MAC Iso 1 valve for palletizers

## Customer Requirements

- High forces in the coil.
- Immunity to contamination.
- Reliability - longer life time.
- Easy to repair.

## MAC Solution

- **MAC Iso 1**  
MV-A1C-xxxx-PM-xx1xx

### Note:

Please configure the valve in function of the port size, voltage and connector required

MAC solution

## Customer Benefits

- 5/2 way valve with the new technology patented 4-way pilot develops maximum shifting force both ways.
- Memory spring available.
- Balanced spool, immune to variations of pressure, also provides high flow.
- Short stroke with high flow (**1600 Nl/min**).
- Bonded spool with minimum friction, shifting in a glass-like finished bore.
- Wiping effect eliminates sticking.
- Proprietary high temperature seals for long life time.
- Burn-out proof MACsolenoid, life time guarantee on coils.
- 100 million cycles MTBF life time (estimated).
- 100% interchangeable with existing solution (drop-in).

## Cost Savings

- Savings realized in increased production, reduced labour cost and fewer replacement parts.
- Reduced leak rate.
